- II. Dragon Dinner Recap
  - A. Dinner went very well. We had approximately 155-160 guests in attendance. The evening was a huge success netting the school approximately \$18,000 in profit.
  - B. The event was marked by a blizzard on April 14th and had to be rescheduled. Because of the rescheduled event, there was an additional \$3600 cost and a loss of auction items. All things considered, \$18,000 is an exceptional amount.
  
- III. Finalizing Dragon Dinner funds expenditures
  - A. \$2250 spent to bring in an anti-bullying speaker
  - B. \$18,670 to re-do and upgrade cameras in building A. Also adding three exterior cameras to building A.
    - 1. There will be excess funds available from the Great Hall upgrade to help cover excess cost of the cameras for building A. We originally allocated \$12,500 for the Great Hall but that should come in under budget.
