

MATH AND SCIENCE ACADEMY

Adopted: December 12, 2023

Revised: January 28, 2025

524 INTERNET, TECHNOLOGY, AND CELL PHONE ACCEPTABLE USE AND SAFETY POLICY

[Note: Charter schools are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to Math and Science Academy computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to Math and Science Academy computer system and the Internet, including electronic communications, Math and Science Academy considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to Math and Science Academy computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. Math and Science Academy expects that faculty will blend thoughtful use of the school computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

Math and Science Academy is providing students and employees with access to the Math and Science Academy school computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The Math and Science Academy school system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through Math and Science Academy to further educational and personal goals consistent with the mission of Math and Science Academy and Math and Science Academy policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of Math and Science Academy system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the

number of previous violations, unacceptable use of the school system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate Math and Science Academy policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

A. While not an exhaustive list, the following uses of Math and Science Academy system and Internet resources or accounts are considered unacceptable:

1. Users will not use the Math and Science Academy system to access, review, upload, download, store, print, post, receive, transmit, or distribute:

- a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
- b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
- c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
- d. information or materials that could cause damage or danger of disruption to the educational process;
- e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.

2. Users will not use Math and Science Academy system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.

3. Users will not use Math and Science Academy system to engage in any illegal act or violate any local, state, or federal statute or law.

4. Users will not use the Math and Science Academy school system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the Math and Science Academy software, hardware, or wiring or take any action to violate Math and Science Academy's security system, and will

not use the Math and Science Academy system in such a way as to disrupt the use of the system by other users.

5. Users will not use the Math and Science Academy system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the Math and Science Academy system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.

[Note: Charter schools should consider the impact of this paragraph on present practices and procedures, including, but not limited to, practices pertaining to employee communications, school or classroom websites, and student/employee use of social networking websites. Depending upon the school's policies and practices, charter schools may wish to add one or more of the following clarifying paragraphs.]

- a. This paragraph does not prohibit the posting of employee contact information on Math and Science Academy webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
- b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
 - (1) such information is classified by Math and Science Academy as directory information and verification is made that Math and Science Academy has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515 (Protection and Privacy of Student Records); or
 - (2) such information is not classified by Math and Science

Academy as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the Math and Science Academy system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as “Facebook,” “Instagram,” “Snapchat,” “TikTok,” “Reddit,” and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated Math and Science Academy official. Users will not attempt to gain unauthorized access to the school system or any other system through the school system, attempt to log in through another person’s account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school system may not be encrypted without the permission of appropriate school authorities.
8. Users will not use the Math and Science Academy system to violate copyright laws or usage licensing agreements, or otherwise to use another person’s property without the person’s prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any Math and Science Academy computer, and will not plagiarize works they find on the Internet.
9. Users will not use the Math and Science Academy system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of Math and Science Academy. Users will not use the Math and Science Academy system to offer or provide goods or services or for product advertisement. Users will not use the school system to purchase goods or services for personal use without authorization from the appropriate school official.
10. Users will not use the Math and Science Academy system to engage in bullying or cyberbullying in violation of Math and Science Academy’s Bullying Prohibition Policy (Policy 514). This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.

- B. Math and Science Academy has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off Math and Science Academy premises also may be in violation of this policy as well as other Math and Science Academy policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online Math and Science Academy activities, and breaches of school security devices. If Math and Science Academy receives a report of an unacceptable use originating from a non-school computer or resource, Math and Science Academy may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school computer system and the Internet and discipline under other appropriate Math and Science Academy policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate Math and Science Academy official. In the case of a Math and Science Academy employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a Math and Science Academy employee, the building administrator.

VI. FILTER

[Note: Pursuant to state law, charter schools are required to restrict access to inappropriate materials on school computers with Internet access. Schools seeking technology revenue pursuant to Minnesota Statutes section 125B.26 or certain federal funding, such as e-rate discounts, for purposes of Internet access and connection services and/or receive funds to purchase Internet accessible computers are subject to the federal Children's Internet Protection Act, effective in 2001. Those schools are required to comply with additional standards in restricting possible access to inappropriate materials. Therefore, charter schools should select one of the following alternative sections depending upon whether the school is seeking such funding and the type of funding sought.]

- A. With respect to any of its computers with Internet access, Math and Science Academy will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet

access to any visual depictions that are:

1. Obscene;
 2. Child pornography; or
 3. Harmful to minors.
- B. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Executive Director may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. Math and Science Academy will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

[Note: Although schools are not required to adopt the more restrictive provisions contained in either Alternative No. 2 or No. 3 if they do not seek state or federal funding, they may choose to adopt the more restrictive provisions as a matter of school policy.]

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the Math and Science Academy computer system and use of the Internet shall be consistent with school policies and the mission of Math and Science Academy.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the Math and Science Academy system, the school does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the

Math and Science Academy system.

- B. Routine maintenance and monitoring of the Math and Science Academy system may lead to a discovery that a user has violated this policy, another Math and Science Academy policy, or the law.
- C. An individual investigation or search will be conducted if Math and Science Academy authorities have a reasonable suspicion that the search will uncover a violation of law or Math and Science Academy policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with Math and Science Academy's Protection and Privacy of Pupil Records Policy (Policy 515). Parents have the right to request the termination of their child's individual account at any time.
- E. Math and Science Academy employees should be aware that the school retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, Math and Science Academy employees should be aware that data and other materials in files maintained on the Math and Science Academy system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).
- F. Math and Science Academy will cooperate fully with local, state, and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with Math and Science Academy policies conducted through Math and Science Academy.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of Math and Science Academy.
- B. This policy requires the permission of and supervision by Math and Science Academy's designated professional staff before a student may use a Math and Science Academy account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the Math and Science Academy office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON CHARTER SCHOOL LIABILITY

Use of the Math and Science Academy system is at the user’s own risk. The system is provided on an “as is, as available” basis. Math and Science Academy will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. Math and Science Academy is not responsible for the accuracy or quality of any advice or information obtained through or stored on the Math and Science Academy system. Math and Science Academy will not be responsible for financial obligations arising through unauthorized use of the Math and Science Academy system or the Internet.

XI. USER NOTIFICATION

- A. All users shall be notified of Math and Science Academy policies relating to Internet use.
- B. This notification shall include the following:
 - 5. Notification that Internet use is subject to compliance with school policies.
 - 2. Disclaimers limiting Math and Science Academy’s liability relative to:
 - 5. Information stored on school diskettes, hard drives, or servers.
 - b. Information retrieved through Math and Science Academy computers, networks, or online resources.
 - c. Personal property used to access Math and Science Academy computers, networks, or online resources.
 - d. Unauthorized financial obligations resulting from use of Math and Science Academy resources/accounts to access the Internet.
 - 3. A description of the privacy rights and limitations of Math and Science Academy sponsored/managed Internet accounts.
 - 4. Notification that, even though Math and Science Academy may use technical means to limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
 - 5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student’s parents.

6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy (Policy 406), and Protection and Privacy of Pupil Records Policy (Policy 515).
7. Notification that, should the user violate Math and Science Academy's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of Math and Science Academy, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the Math and Science Academy system and of the Internet if the student is accessing the ~~school~~ Math and Science Academy system from home or a remote location.
- B. Parents will be notified that their students will be using Math and Science Academy resources/accounts to access the Internet and that Math and Science Academy will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
 1. A copy of the user notification form provided to the student user. fix numbering
 2. A description of parent/guardian responsibilities.
 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
 4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
 5. A statement that Math and Science Academy's acceptable use policy is available for parental review.

XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS

- A. "Technology provider" means a person who:
 - 1. contracts with Math and Science Academy, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
 - 2. creates, receives, or maintains educational data pursuant or incidental to a contract with Math and Science Academy.
- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, Math and Science Academy must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:
 - 1. identify each curriculum, testing, or assessment technology provider with access to educational data;
 - 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
 - 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.
- D. Math and Science Academy must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and Math and Science Academy must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
 - 1. the technology provider's employees or contractors have access to educational data only if authorized; and
 - 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a

technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

XIV. SCHOOL-ISSUED DEVICES

- A. "School-issued device" means hardware or software that Math and Science Academy, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, Math and Science Academy or a technology provider must not electronically access or monitor:
 - 1. any location-tracking feature of a school-issued device;
 - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
 - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.
- C. Math and Science Academy or a technology provider may only engage in activities prohibited by paragraph B if:
 - 1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by Math and Science Academy employees, student teachers, staff contracted by Math and Science Academy, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
 - 2. the activity is permitted under a judicial warrant;
 - 3. Math and Science Academy is notified or becomes aware that the device is missing or stolen;
 - 4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
 - 5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
 - 6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.
- D. If Math and Science Academy or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was

issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

XV. CELL PHONE USE

The school board directs the executive director and school administration to establish rules and procedures regarding student possession and use of cellphones in schools. These rules and procedures should seek to minimize the impact of cell phones on student behavior, mental health, and academic attainment. These rules and procedures may be designed for specific school buildings, grade levels, or similar criteria.

[NOTE: In 2024, the Minnesota legislature enacted a law requiring that schools adopt a policy on students' possession and use of cellphones in school by March 15, 2025. This law does not state that schools must incorporate specific language or provisions in the school policy.]

MSBA recognizes the common practice of setting forth cell phone rules in a student handbook or similar document. This Article directs school administration to establish cell phone rules, which the school board may require be presented to the board for approval. This approach enables administrators to craft flexible and specific rules that are specific to grade levels and buildings. The school board may choose to set forth general principles regarding cell phone use in this Article.

Under the new law, the Minnesota Elementary School Principals Association and the Minnesota Association of Secondary School Principals will collaborate to make best practices available to schools on a range of different strategies to achieve the goals stated above.]

XVI. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

XVII. IMPLEMENTATION; POLICY REVIEW

A. Math and Science Academy administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the Math and Science Academy board for approval. Upon

approval by the Math and Science Academy board, such guidelines, forms, and procedures shall be an addendum to this policy.

- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. Math and Science Academy's Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the Math and Science Academy board shall conduct an annual review of this policy.
